

Census Academy

Census Academy is our free training hub with a focus on digital content. Users of all skill levels can learn how to access and use Census Bureau data through courses, how-to videos, and webinars.

Let us show you how to find and use Census Bureau data for everyday uses, like informing your business plan or supporting grant proposals and research projects. Whether you're looking for economic or demographic data, we can help you leverage Census Bureau data for your needs.

Get started with Census Academy at: census.gov/academy. Check out our free webinars this month including new entries from our **Back to Data Basics series** and our **Exploring Census Data series**. If you'd like to request free workshops and trainings for your organization, send us an e-mail at census.askdata@census.gov.
